**Good Shepherd Readies for Hurricane Season**

In September 2017 the Church of the Good Shepherd was visited by Hurricane Irma. We were very fortunate that this was a relatively low category hurricane and the parish experienced only minor damage and inconvenience. Thanks to careful planning the impact of Hurricane Irma was minimal. In June hurricane season will

begin again and run through the end of November, and Good Shepherd is prepared in case we are hit by another storm. The parish has an Emergency Plan to cover a wide variety of emergencies and disasters and is available in the church office for your reading. We also have an Emergency Management Team that is ready to step into action if needed.

The Emergency Management Team encourages you to have a plan for your safety should we have a storm this hurricane season. This includes the stockpiling of supplies for your family and a plan for evacuation if implemented by the county. It is very important that you are prepared and that you follow all directives by county officials. The Church of Good Shepherd has a Disaster Support Network. If you have not filled out your Hurricane Information Sheet please pick one up at any worship service, complete it and return it to Jan Cote or Michelle Schombs. This form will give us information to keep in touch before and after a storm in our area. We also want parishioners to know that we have an ice machine and all effort will be made to bag ice prior to a storm and after a storm if power and water are available. The parish has two generators which can be used to power the ice machine and other small electronics.
