TO SUPPORT OUR KIDS**

Proceeds provide food
for teacher-identified
chronically hungry children
over weekends and
extended breaks. Each sack
contains 10-12 different
food items designed to
provide nutrition and
calories for food insecure
school children. Kids can
just "open and eat."

We are proud to say that starting with just 8 children this event has supported 60 children from San Jose Elementary and 60 children from Dunedin Elementary for the last 6 years.
